Revenue Department., Bangalore.

Sir,

PUBLIC SECTION L. 3017 RECEIPT 1948

Subject - Transfer of the maintenance of the Water Works Installation at Birur

In continuation of my letter of even number dated 20th July 1948 on the above subject, I have the honour to forward herewith a copy of letter No.137 dated 23-7-1948 addressed by the Sanitary Engineer/for Roads and Buildings in Mysore, Bangalore, to the Chief Engineer for information of Government.

In view of the instructions, issued to him by the Chief Engineer for Irrigation in letter dated 27th May 1948 to hand over the management of the Water Works in case the Municipality has since paid up all dues to the Department, and in view of the fact that a small amount is still due from the Municipality, the Sanitary Engineer has again requested the orders of the Chief Engineer for Roads and Buildings in the matter. I request you kindly to address the Chief Engineer to Rivuly haudover the works to the Municipality, as otherwise the correspondence regarding the settlement of accounts between the Department and the Municipality might necessitate further maintenance of the water works by the Sanitary Bureau for an indefinite period. In the meantime I have requested the President of the Municipality to clear the balance due to the Department.

I have the honour to be,
Sir,
Your most obedient servant,

H P Ramanathaiya
Deputy Commissioner,
Chikmagalur District.

Letter No.137 dated 23-7-1948 from the Sanitary Engineer I/C., Bureau of Sanitary Engineering, Bangalore, to the Chief Engineer for Roads and Buildings in Mysore, Bangalore -

Re - Maintenance of the Water Works installation at Birur.

With reference to your letter No.577/1 dated 18th July 1948, I have the honour to state that the transfer of the water supply installation at Birur to the local Municipality has not been effected since the Municipality have not deposited all the dues to this Department in respect of A M charges.

Regarding the arrears to the Department, I submit that the actual outlay incurred towards the A M. charges upto the end of June is Rs.1,527-3-3. Towards this, a total amount of Rs.1344/- has been credited by the Municipality including the latest credit of Rs.448/- on 28-6-1948 by the Municipality who were addressed in the matter. Hence the arrears due from the Municipality as on 30-6-1948 will be Rs.183-3-3 exclusive of the charges in the June Final accounts which are under compilation.

Under the circumstances, (particularly since the amount due from the Municipality seems to be small), I request the favour of communication of kind orders for transferring the installation to the Municipality in anticipation of payment of the dues from the Municipality for the period ending with June 1948 and up to the time of handing over the water works.

No.93 dated 23-7-1948

Copy of the foregoing is forwarded with compliments, to the Deputy Commissioner, Chikmagalur District, Chikmagalur, for favour of kind information and needful action with reference to the letter No A3 P R 247 C.1699/47-48 dated 15-7-1948.

2 Copy forwarded with compliments to the President, Town Municipal Council, Birur, for favour of kind information and requesting him to return the A M estimate for 1947-48 duly countersigned with the balance amount of arrears.

Sir,

Re - Transfer of the maintenance of the water works at Birur to the Local Municipality -

Adverting to the correspondence ending with your Memo.No L. 1248 dated 7th August 1948 forwarding a copy of letter addressed to the Chief Engineer for Roads and Buildings in Mysore, Bangalore, on the above subject, I write to state that it is reported by the President, Town Municipal Council, Birur, that the charge of the water works was handed over to the Municipality on 1-11-1948 by the Assistant Engineer, No 3 Sanitary Sub-Division, Hassan The machinery installed at the water works has to be maintained by the Municipality as it is stated by the Sanitary Engineer that the same cannot be continued on hire system as hitherto done. I have requested the President to obtain the sanction of Government to the purchase of the machinery at a cost of Rs 3931-12-0 as per details furnished by the Sanitary Engineer

As regards the staff required for the maintenance of the water works, I have requested the President to submit estimate proposals to Government for sanction

Yours faithfully,
